

## Junior Zoo Keeper Experience

For all the Zoo Keepers of the future, gain first hand experience of what it's like to work with some of the animals at Camperdown Wildlife Centre. The Junior Zoo Keeper Experience lets you meet our keepers, feed and handle some of the animals and learn about how we care for them.

The sessions last for 2 hours. During this time you will have an opportunity to experience and have fun with:

- Animal enrichment
- Animal enclosure cleaning
- Food preparation
- Animal feeding

During the session you'll have plenty of hands-on experience of cleaning enclosures, feeding, and animal enrichment. The experience will include lots of different tasks and animals so it's guaranteed to be a fun.

Junior keeper experience is only available to people aged 8-15 years of age who must be accompanied by a parent or guardian. Guests will be unable to take part including people with relevant phobias or known allergies

Sensible footwear is required as the paths to some enclosures are uneven. Please wear comfortable and preferably old clothing. Please bring waterproof clothing, as the experience will still take place if the weather is inclement

### Booking

- Booking is essential.
- To book your experience call 01382 431806.

### Cost

- The Junior Zoo Keeper Experience costs £80 per person
- Adult spectators can have admission to the Wildlife Centre at a reduced rate.
